The Jewish Agency
for Israel

Our Greater Washington Jewish community is providing essential aid to those in Israel and continues to send a powerful message of solidarity to Israel and Israelis in their time of need. Your generosity and our staff on the ground in Israel year-round with deep partnerships built over decades are empowering Federation's immediate response.

**Together, we are addressing Israel's urgent and evolving needs.
Our emergency grants to date total \$2.4+ million.**

Caring for Victims of Terror and their Families | \$500,000

Fund for Victims of Terror, a program of The Jewish Agency for Israel

Supporting families whose loved ones have been injured or killed, as well as those whose homes and property were damaged or destroyed, by providing immediate financial aid, counseling, housing, and more. A Jewish Agency representative personally visits victims provide emergency aid within 48 hours as a statement that the Jewish people around the world are with them.

Emergency and Medical Care | \$725,000

Magen David Adom, United Hatzalah, Assuta Ashdod Hospital/ Medical Center, Barzilai Medical Center, Sheba Medical Center, and Soroka Medical Center (Be'er Sheva)

Providing access to life-saving supplies to help treat severely wounded soldiers and civilians, and purchase oxygen tanks, defibrillators, trauma bandages, tourniquets, and more.

Emergency Volunteers Project (EVP)

Deploying American disaster relief and rescue volunteer teams to Israel. Our funding will assist in recruiting and training American firefighters, medical professionals, and others to be deployed to assist Israeli teams and provide relief for the Israeli teams exhausted after weeks of providing life-saving assistance.

Humanitarian Support for Soldiers | \$186,000

Friends of the Israel Defense Forces (FIDF)

Providing critical medical and humanitarian support for IDF soldiers, including the 360,000 reservists called up for duty on multiple borders. This funding will help purchase medical equipment and supplies, including a portable x-ray machine, plasma kits, a critical response monitoring system, and a cardiology critical care kit.

Orr Shalom

Purchasing and delivering essential supplies to meet the needs of young adult civilians and soldiers operating in northern Israel and along the Gaza border, furthering the expanded mission of Orr Shalom, the leading Israeli non-profit foster care organization for at-risk youth.

Direct Support for Kibbutz Bordering Gaza | \$250,000

Kibbutz Re'im

Assisting with recovery and rebuilding of Kibbutz Re'im, which was overrun by Hamas on October 7th. The community suffered five casualties and multiple members taken hostage, in addition to hundreds murdered, wounded, or taken hostage from the music festival on kibbutz grounds. The funds will be used to help fund basic necessities while the kibbutz members are out of their homes as well as purchase and install closed-circuit cameras and early warning systems for the kibbutz perimeter to protect community members when they return.

Mobilizing Support for Evacuees & Displaced Families | \$250,000

Brothers and Sisters for Israel

Mobilizing volunteers and critical resources for those in need in partnership with the largest Israeli civil aid organization. Our funding will help provide essential support including accommodations for displaced families, food, water, clothing, medical equipment, assistance in locating missing individuals, and more.

Dror Israel

Funding evacuation efforts for displaced families and those seeking respite from violence. We are expanding and supporting essential therapeutic and educational programs for children and families in Rehovot and Ashkelon, with more locations opening as soon as deemed safe. Funding also covers daycare costs for children of hospital workers and other essential staff so they can treat the injured while schools across Israel remain closed.

Trauma response | \$500,000

Israel Trauma Coalition (ITC)

Providing immediate trauma response across Israel, including in Ramle, where ITC has opened a center to identify victims. Our funds will provide treatment at ITC's 12 resilience centers in Sderot and surrounding communities — centers Federation has funded for years — and to train and support first responders, teachers, and community leaders managing this crisis.

Federation is continually identifying and evaluating the needs in coordination with the national federation system of 146 colleague organizations. Our Israeli staff is part of the Forum of Community Representatives that determines needs in coordination with NGOs, government offices, and the IDF.

Your donation will ensure Israel continues to receive the help they need today and as the crisis continues. 100% of your gift to Federation's Israel Crisis Relief Fund will be swiftly deployed where it's needed most.
