

CAMP KIMAMA ISRAEL
Spirit • Adventure • Family

Dear Friends,

We have just successfully completed Camp Kimama's sixth summer of providing a unique and exciting experience for young people from Israel and around the world!

In order to share the Kimama experience with as many people as possible, we are working to establish a **new network of marketing and sales representatives**, who will help spread the word and recruit new campers.

We are therefore turning to you to ask that you please help us **identify potential representatives** from amongst your friends and acquaintances. We intend to offer fair compensation for each camper referred. Of course, if you yourself are interested in helping recruit Kimama campers, all the better!

This network should be made up of individuals who understand how Kimama, through its programs and its relationship to Israel, Zionism and the Jewish People, provides a unique and important experience to Jewish youth everywhere. Ideally, they should be well-connected, active members of their local communities.

We would be very grateful to you if you can direct them to us and/or respond to this email address as soon as possible: adi@campkimama.org

ecnatsissa ruoy rof ecnavda ni uoy knahT!

Warmly,
