Dear <Name of Representative>,

I am writing on behalf of The Jewish Federations of North America and the Disability Inclusion community to support the [Isaiah Baker and Margie Harris-Austin Act \(H.R. 5443\)](#) and the [ABLE Age Adjustment Act](#). I hope you are able to support both of these bills.

The Isaiah Baker and Margie Harris-Austin Act and the Ensuring Access to Direct Support Professionals Act would allow care providers to sustain continuity of care even when their clients are hospitalized, preventing disruption and trauma for individuals for disabilities and improving health outcomes.

The bipartisan-supported **ABLE Age Adjustment Act**, introduced in the last Congress as S. 817/H.R. 1874 and soon to be reintroduced, makes the ABLE program available to people with disabilities who become disabled later in life (prior to age 46), thereby correcting this inequity and ensuring the ABLE program's long-term viability.

If you have any questions about these bills, please do not hesitate to reach out to Aaron Kaufman, Senior Legislative Associate at the Jewish Federations of North America, at Aaron.Kaufman@JewishFederations.org or (202) 736-5865.

Thank you for improving the lives of individuals with disabilities.

Sincerely,
